DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this amendment was given by Mr. Murat Ozgu via telephone on March 15, 2005.

The application has been amended as follows:

In claim 15, lines 2-4, "further comprising: a fish line having a first end connected to said casting rod; and a casting switch means for indicating casting when said fish line is drawn," has been deleted and -- wherein -- has been substituted therefore.

In claim 15, line 5, "being" has been deleted and -- is -- has been substituted therefore.

In claim 18, line 3, following "casting switch" -- means -- has been added.

In claim 19, line 5, "being" has been deleted and -- is -- has been substituted therefore.

In claim 22, line 3, following "casting switch" -- means -- has been added.

NOTICE OF ALLOWANCE

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

The cited prior art, including Japanese Publication JP 2000-225269 to Sugano et al., teaches a fishing game apparatus that comprises a casting rod capable of being swung in a direction by a game player in casting; a fish line having a first end thereof connected to said casting rod; and a casting button for indicating casting. The casting button does not indicate casting when the fish line is drawn.

Thus, the cited prior art does not teach a fishing game apparatus for displaying on a television monitor a game screen of a fishing game, wherein the fishing game apparatus comprises a casting rod capable of being swung in a direction by a game player in casting; a fish line having a first end thereof connected to said casting rod; and a casting switch means for indicating casting when said fish line is drawn as recited in independent claims 1, 7, 23 and 24. The Examiner has interpreted independent claims 1, 7, 23 and 24 under U.S.C. 112, sixth paragraph.

Therefore, claims 1, 2, 4-9 and 11-24 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
